

EAGLE HIT

IT Professional Services

Who we are

We are an IT consulting company that provides a broad range of IT services for organizations and technology startups. Founded in 2022 with the goal of helping businesses secure their IT operations and infrastructure.

We are based in Dubai as well as Egypt.

Vision

To become an outstanding world-class IT professional services destination, defender, and leader that is consistently crafting and delivering superlative, innovative, and resilient cybersecurity strategic solutions, resulting in superior outcomes that astound & satisfy our clients

Mission

To provide innovative, strategic, and state-of-the-art IT professional services and solutions that protect our clients from cyber threats and IT risks by securing their networks & systems, eliminating their vulnerabilities and help them build a stronger Cybersecurity awareness.

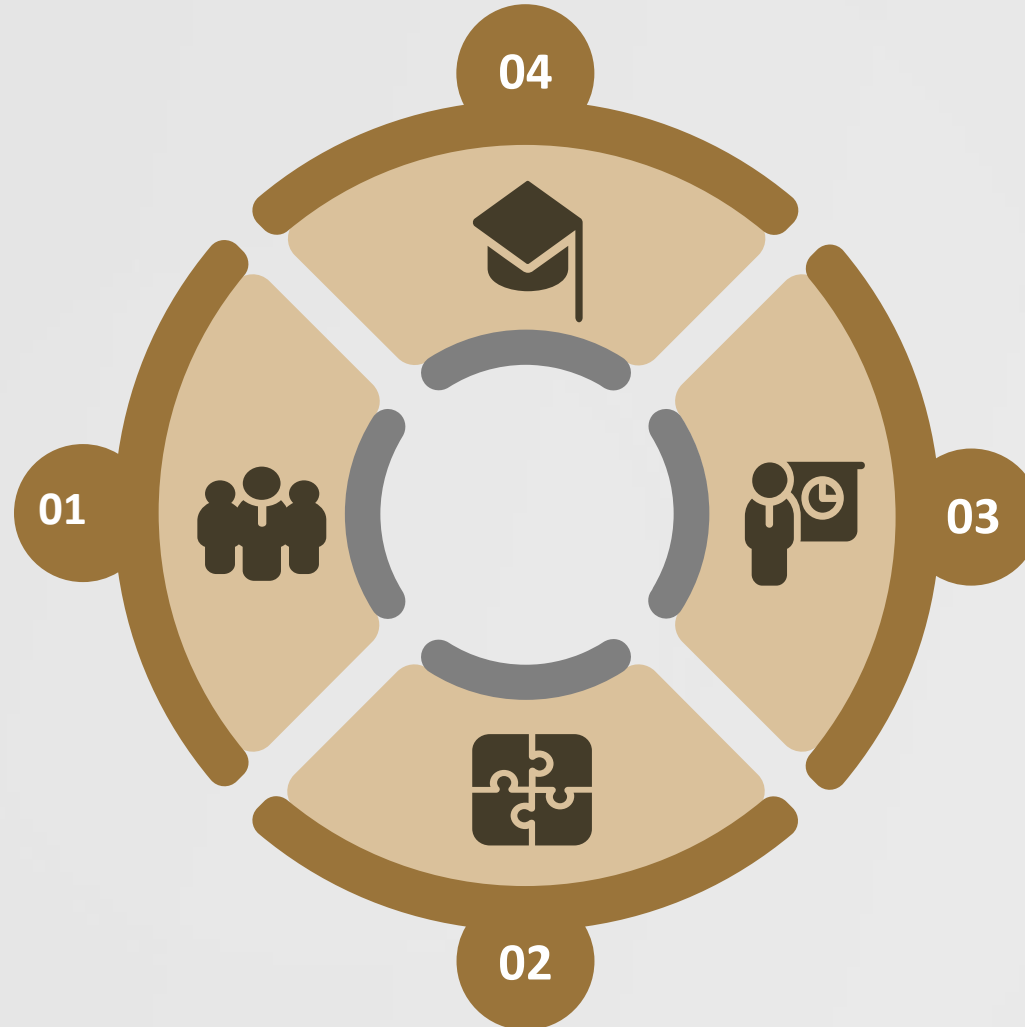

What we offer

Consultation

We offer various consulting services, including security assessment, disaster recovery planning, and automating IT operations.

Implementation

We offer implementation services for our vendor partners' solutions and products.

Training

We do IT enablement training which includes the basics for network, security, and cloud technologies. Also DevOps & custom training.

Managed Services

Our managed services include security as a service, resident engineers for a variety of IT operations, and support services.
